**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Village President and  
Members of the Board of Trustees  
Village of Carpentersville, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Carpentersville, Illinois (the Village), as of and for the year ended April 30, 2015, and the related notes to financial statements, which collectively comprise the Village's basic financial statements and have issued our report thereon dated September 30, 2015.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE  
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
REQUIRED BY OMB CIRCULAR A-133**

Honorable Village President and  
Members of the Board of Trustees  
Village of Carpentersville, Illinois

**Report on Compliance for Each Major Federal Program**

We have audited the Village of Carpentersville, Illinois' (the Village) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have direct and material effect on each of the Village's major federal programs for the year ended April 30, 2015. The Village's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for the Village's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Village's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the Village's major federal program. However, our audit does not provide a legal determination of the Village's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the Village of Carpentersville, Illinois, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended April 30, 2015.

### **Report on Internal Control Over Compliance**

Management of the Village is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Village's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village, as of and for the year ended April 30, 2015, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements. We issued our report thereon dated September 30, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended April 30, 2015

---

#### **Note A - Significant Accounting Policies**

The accompanying Schedule of Expenditures of Federal Awards has been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (GASB). It is a summary of the activity of the Village's federal awards programs prepared on the accrual basis of accounting. Accordingly, expenditures are recognized when the liability has been incurred and revenues are recognized when the qualifying expenditure has been incurred.

#### **Note B - Subrecipients**

There were no subrecipients for the fiscal year ended April 30, 2015.

#### **Note C - Noncash Transactions**

There were no noncash transactions for the fiscal year ended April 30, 2015.

#### **Note D - Other Matters**

The Village did not receive any federal insurance and had no outstanding loans or loan guarantees with continuing compliance requirements.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

For the Year Ended April 30, 2015

---

#### **Section II - Financial Statement Findings**

None

#### **Section III - Federal Award Findings and Questioned Costs**

None

#### **Section IV - Prior Year Award Findings and Questioned Costs**

##### **2014-001: Prior Period Adjustments**

*Criteria:* While many of our clients rely upon our expertise when developing adjusting journal entries for unusual or exceptionally complicated transactions, we encourage management to make every effort to properly record these entries prior to the beginning of each audit.

*Condition:* During our audit, material adjustments were necessary that resulted in restatement of prior period equity. The adjustments were due to a number of reasons, including incorrect revenue recognition for recording grants, incorrect revenue recognition for public infrastructure fees in the waterworks and sewerage fund, reporting of the Park Trust fund not previously reported in the Village's financial statements and adjustments to properly record opening capital assets in the financial statements.

*Cause:* The Village's month and year end accounting procedures did not allow for the preparation of adjusted trial balances in accordance with generally accepted accounting principles.

*Effect:* Significant auditor-proposed adjusting journal entries were required to present the financial statements in accordance with generally accepted accounting principles.

*Recommendation:* We recommend that management review its month and year end accounting procedures to incorporate all necessary adjustments required to present the accounts in accordance with generally accepted accounting principles prior to the start of the audit process. Additionally, account analyses of significant accounts should be maintained on an interim basis in order to assure the accuracy of interim financial information provided to the Board.

**VILLAGE OF CARPENTERSVILLE, ILLINOIS**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)**

For the Year Ended April 30, 2015

---

**Section IV - Prior Year Award Findings and Questioned Costs (Continued)**

**2014-001: Prior Period Adjustments (Continued)**

*Corrective Action Plan:*

Staff identified the required transactions and recorded them in the current year until the audit team could verify that these adjustments were material to the financial statements and must be recorded as prior period adjustments. Staff is confident that prior period adjustments will not be recorded in the future. New internal control procedures for month and year end were rewritten in fiscal year 2014 to prevent improper reporting.

**2015 Update**

This finding was not repeated for the year ended April 30, 2015. No further action is required in relation to this finding.
