

Better internet is coming.

Soon, you'll have access to some of the fastest internet speeds in the world. Unlike other providers, Metronet connects directly to your home with 100% fiber-optic internet. This means you never have to share your fast, consistent internet connection with your neighbors.

Sign up today! Go to metronet.com and click "Buy Now" to view special offers.

metronet
love your internet

We're building a better internet for you.

**Better internet is coming,
and you're going to love it.**

Metronet is installing 100% fiber-optic internet in your neighborhood. Rest assured, the construction phase is temporary. We'll do everything we can to minimize the impact to your property because we want you to love the whole Metronet experience.
